**ATTACH A TYPED PARAGRAPH EXPLAINING OR SUMMARIZING YOUR HONORS PROJECT.**

*I understand that I must complete the Nursing Honors Project in addition to the Honors courses in order to graduate with "Special Honors in Nursing" which will then appear on my transcript. I have read the guidelines for the Nursing Honors Project. I understand that completion of the Nursing Honors Project will include both a written paper that must be approved by my faculty supervisor and a presentation (either poster format or oral). I will submit a copy of the final approved paper to the Assistant Dean for Undergraduate Programs prior to graduation.*
