Education

PhD in Nursing	2012
University of Minnesota, Minneapolis, MN	
Major: Nursing (Specialization: Public Health Nursing, Adolescent Health)	
Minor: Epidemiology	
Dissertation committee: Dr. Linda Bearinger (chair), Dr. Renee Sieving, Dr. Jayne Fulkerson, Dr. Marla Eisenberg	
Dissertation: <i>Studying the playbook: Mediating variables in relationships between sports team participation and health-risk behaviors among alternative high school students from 2001-2010</i>	
Adolescent Health Predoctoral Fellowship	2008-2012
Center for Adolescent Nursing, University of Minnesota, School of Nursing	
Adolescent Health Protection Research Training program	
(CDC funded T01-DP000112, PI: Bearinger)	
Advisor: Dr. Renee Sieving	
Preparing Future Faculty Certificate	2012
Center for Teaching and Learning	
University of Minnesota	
Bachelor of Science in Nursing, <i>summa cum laude</i>	2007
University of Colorado, Denver	
Bachelor of Arts in Sociology, <i>magna cum laude</i>	2005
Colorado State University, Fort Collins, CO	
University Honors Scholar	
Minor: Political Science	
Senior Honors Thesis: <i>It's about time! Time poverty, health, and politics in America</i>	

Professional Employment**Academic Positions****The University of Texas at Austin*****School of Nursing***

Associate Professor 2018-present

Family and Public Health Nursing and Nursing Administration division

Assistant Professor 2012-2018

Family and Public Health Nursing and Nursing Administration division

Center for Health and Social Policy

Center for Health and Social Policy Faculty Fellow 2018-present

2018-2019 OpEd Project Public Voices Fellowship

Fellow, Public Voices Fellowship Program 2018-present

Children and Society Bridging Disciplines

Faculty Panel member Population Research Center	2016-present
Faculty Research Associate	2016-present

Metropolitan State University, College of Nursing and Health Sciences 2011-2012
Community faculty, St. Paul, MN

Special Projects

Funded

76396 (Johnson, PI) 04/15/19-10/14/20

Robert Wood Johnson Foundation

Research Manager, Future of Nursing 2030

Award Amount: \$75,000

Purpose: To assist the expert committee appointed by the National Academy of Medicine in their deliberations as they author and release the *Future of Nursing 2030* report by early 2020.

Role: Research Manager

Responsibilities: (1) quickly responding to questions from the committee (e.g., drafting reports/tables/literature reviews, coordinating new research to generate data as needed); (2) participating in a series of group calls where we share expertise, familiarity with existing literature, and knowledge of others' expertise and work who could inform key questions raised by the committee; (3) provide feedback on draft papers, issue briefs, and other documents.

Percent effort: 33%

Research Grants

Funded

1R03DA045268-01 (Johnson, PI) 07/15/18-06/30/20

NIH/NIDA

Feasibility of Nurse-led Substance Use Interventions in Alternative Schools

Award Amount: \$151,348

Purpose: To examine approaches, using a mixed methods design, to building capacity for registered nurses in alternative high schools to deliver evidence-based drug abuse and HIV prevention interventions.

Role: PI

Responsibilities: Oversee all areas of the study including data collection, analysis, and dissemination.

Percent effort: 25%

R01 HD083576-01A1 Rew (PI) 04/01/16-03/31/20

NIH/NICHHD

An Intervention to Promote Healthy Behaviors in Homeless Youths

Award Amount: \$2,120,000

Purpose: To test the effectiveness of a strengths-based brief intervention that aims to enhance psychological capital among homeless youth, with the intent of reducing substance use and co-occurring risky sexual behaviors that contribute to HIV/AIDS among this population

Role: Co-I

Responsibilities: Train graduate research assistants on principles of Motivational Interviewing, assist with data collection strategies, work with research team and students to analyze and disseminate findings.

Percent effort: 10%

Associate Professor Experimental The University of Texas at Austin, Office of the Vice President for Research	Castro, Johnson, Sanchez (PIs)	11/29/18-11/30/19
A 360 Analysis of Electronic Nicotine Delivery Systems (ENDS) Use Among Adolescents		
Award Amount: \$99,132		
Purpose: To identify factors that account for the elevated rates of ENDS use among Latino adolescents using environmental scanning and secondary data sets from middle schools, high schools, and alternative high schools.		
Role: Co-PI		
Responsibilities: Prepare alternative high school data set for analysis, oversee data analysis, assist in creating sampling frame of licensed tobacco outlets in three counties, contribute to data dissemination.		
Percent effort: 16%		
Bridging Barriers The University of Texas at Austin, Office of the Vice President for Research	12 Co-PIs	2018-2028
PIs: Barczyk, Bearman, Castelli, Champagne, Johnson, Kinney, Lawson, Mackert, Maslowsky, Nagy, Schnyer, Rodriguez		
Whole Communities-Whole Health (<i>A Bridging Barriers Grand Challenge [major university initiative]</i>)		
Award Amount: Approx. \$10,000,000 over 8 years		
Purpose: Work with community partners to develop a community-engaged longitudinal research model for studying children who experience early adversity and their families with innovative measures (e.g., technology, wearable devices)		
Role: Co-PI		
Responsibilities: Contribute to study design, community engagement, ethical considerations, and development of the community storefront. Attend committee meetings including Thematic Organizing Committee, Community Engagement Core Team, Ethics Review Panel. Help with the adolescent pilot study. Serve as a liaison between nursing faculty and the Thematic Organizing Committee in order to engage more faculty in the research project.		
Percent effort: 10%		
Nurse Faculty Scholars Program Robert Wood Johnson Foundation (grant #72111)	Johnson (PI)	09/01/14-08/31/17
Pilot Testing the Texas Alternative School Health Survey		
Award Amount: \$350,000		
Purpose: To modify and administer the Youth Risk Behavior Survey and School Health Profiles in alternative high schools in Central Texas		
Role: PI		
Responsibilities: Oversee all areas of the study including data collection, analysis, and dissemination.		
Percent effort: 60%		
ANF Nursing Research Grant National Association of School Nurses	Johnson (PI)	09/01/14-08/31/16
Exploring the Role of the School Nurse in Addressing Health-risk Behaviors During and After Sports Physicals: A Mixed Methods Approach		
Award Amount: \$5,000		
Purpose: To explore the role of the school nurse in addressing health-risk behaviors among high school athletes during and after the pre-participation exam (sports physicals)		

<p>Role: PI Responsibilities: Oversee all areas of the study including data collection, analysis, and dissemination. Percent effort: 10% (in kind)</p>		
<p>NAPNAP Nursing Research Grant Johnson (PI) 07/01/14-06/30/16 National Association of Pediatric Nurse Practitioners A qualitative exploration of addressing health-risk behaviors during sports physicals Award Amount: \$2,500 Purpose: To explore the extent to which primary care providers address health-risk behaviors during pre-participation exams (sports physicals) Role: PI Responsibilities: Oversee all areas of the study including data collection, analysis, and dissemination. Percent effort: 10% (in kind)</p>		
<p>NSF#1521089 Xie & Zhou (Co-PIs) 12/01/14-12/01/15 National Science Foundation (RAPID: Collaborative Research) Ebola-related Information Obtained by Healthcare Providers: Effects of Formal and Informal Communication Channels and Organizational Structure Award Amount: \$165,322 Purpose: To understand the types and amount of Ebola-related information healthcare providers wanted and obtained from their organizations and informal social networks and how organizational structure might affect the information wanted and obtained by healthcare providers. Role: Co-I Responsibilities: Build a statewide sampling frame of public health departments in Texas, assist with interpretation and dissemination of results. Percent effort: 8%</p>		
<p>St. David's CHPR Salas-Wright & Johnson (Co-PIs) 01/01/14-02/28/15 The University of Texas at Austin School of Nursing, St. David's Center for Health Promotion Research in Underserved Populations Examining Hispanic adolescent alcohol use and health-risk behavior: The feasibility of a biobehavioral approach Award Amount: \$25,000 Purpose: To explore the feasibility of conducting biobehavioral research with Hispanic adolescents, examine biopsychosocial and environmental factors associated with alcohol use and health-risk behaviors, and assess the role of acculturation as a moderator in such relationships. Role: Co-PI Responsibilities: Assist with study design, conducting focus groups, data analysis and dissemination. Percent effort: 10%</p>		
<p>Under Review Pioneering Proposals (Brief Proposal): Technology, Infrastructure, and Health (K. Kinney, PI) Robert Wood Johnson Foundation Whole schools, whole health: Improving child health and learning environment with continuous classroom air quality monitoring and data analytics Award Amount: \$400,000</p>		

Purpose: To investigate the feasibility of using low-cost sensors and data analytics in elementary schools to continuously monitor environmental triggers and provide information to school nurses and other stakeholders in order to improve health and academic outcomes in low-income school districts
 Role: Co-I, grant co-author (*collaboration of Bridging Barriers Whole Communities, Whole Health TOC*)
 Status: Under review

Unfunded, but scored

Evidence for Action (Brief Proposal) (Parent, PI) Submitted March 2017
 Robert Wood Johnson Foundation

The Influence of State Anti-bullying Policy on Health Disparities for LGB Youth

Award Amount: \$325,000

Purpose: To examine the effectiveness of anti-bullying laws in reducing bullying victimization, substance use, and suicidality among LGB youth in states in which they were implemented.

Role: Co-I, grant co-author

Status: Unfunded, but selected to move forward for full proposal (only 10% of letters of intent are selected to submit full proposal)

1 R01 DA045394-01 Johnson (PI) 12/01/17-11/30/22
 NIH/NIDA

Disparities in tobacco use and HIV risk behavior: Examining relationships and differences in school health services and policies of alternative high schools vs. traditional high schools

Award Amount: \$1,612,633

Purpose: To establish a statewide surveillance system for alternative high schools serving students at risk for school dropout in Texas, in which we will conduct the School Health Profiles and Youth Risk Behavior Survey biennially and compare our findings with those from traditional high schools in Texas. We will primarily focus on school- and student-level data about tobacco use and HIV risk behavior—two areas of great disparity in the alternative high school population

Role: PI

Status: Unfunded, submitted April 2017; Impact score: 47; Percentile: 40

1 R15 DA045508-01A1 PI: Johnson 07/01/17-06/30/20
 NIH/NIDA

Pilot testing a physical activity intervention to improve mental health and decrease substance use in alternative high school students

Award Amount: \$300,000

Purpose: To modify and test a 12 session cognitive-behavioral-based physical activity intervention developed for adults recovering from alcohol and drug dependence or engaged in smoking cessation, to be used with students in alternative high schools

Role: PI

Status: Unfunded. Impact score: 26; no percentile assigned for R15 mechanism

Teaching Experience

Course/Seminar Number, Title	Year (# of students)	Role
The University of Texas at Austin Courses		
N275: Public Health Nursing (2 credits; undergraduate)	Spring 2019 (n = 64); Fall 2018 (n=54); Spring 2018 (n=71); Fall 2017 (n=47); Spring 2017 (n=63); Fall 2016 (n=56); Spring 2016 (n=64); Spring 2015 (n=63); Fall 2014 (n=57); Spring 2014 (n=62); Fall 2013 (n=60); Spring 2013 (n=61)	Solo Instructor
N381D: Leadership Development for Healthcare Professionals (3 credits, masters level)	Spring 2018 (n=19); Fall 2017 (n=34)	Solo-Instructor
N197C: Doctoral Seminar I	Fall 2019 (n = 5)	Solo-Instructor
N197D: Doctoral Seminar II	Spring 2019 (n = 1); Spring 2018 (n=1)	Solo-Instructor
N382: Sociocultural Influences on Health (3 credits, PhD level)	Fall 2018 (n=10), Fall 2017 (n=7)	Co-Instructor
N691P: Advanced Public Health Nursing Practice (6 credits, masters level)	Spring 2014 (n=9)	Solo Instructor
N391D: Advanced Public Health Nursing: Community and Population Assessment (3 credits; masters level)	Fall 2015 (n=15); Fall 2014 (n=15); Fall 2013 (n=6); Fall 2012 (n=14)	Solo Instructor
Metropolitan State University Courses		
N456: Public/Community Health Nursing (3 credits; undergraduate)	Summer 2012; Spring 2012	Solo Instructor, 2012
N335: Nursing Research (3 credits; undergraduate)	Summer 2010; Summer 2011	Solo Instructor, 2011; Guest Lecturer, 2010

N604: Advanced Nursing Research (3 credits; graduate [masters])	Spring 2011	Co-instructor, 2011
Guest Lectures and Other University/College Courses/Seminars		
N382: Sociocultural Influences on Health (Dr. Miyong Kim). University of Texas at Austin	Fall 2019	Guest lecturer Lecture topic: Race, ethnicity, discrimination, institutionalized racism, social justice app
N275: Public Health Nursing (Dr. Shalonda Horton). University of Texas at Austin	Fall 2019	Guest lecturer Lecture topic #1: Health disparities Topic #2: Facilitated in class debrief for "In Their Shoes" activity
Bridging Disciplines Program 101: Children & Society (Dr. Cathy Echols' course). University of Texas at Austin	Spring 2016, Spring 2017	Guest lecturer, 2016, 2017 Lecture topic: Forgotten faces, forgotten needs: addressing disparities in health and research in alternative schools
Bridging Disciplines Program 101: Children & Society (Dr. Keryn Pasch's course). University of Texas at Austin	Spring 2015	Guest lecturer, 2015 Lecture topic: Alternative high schools: A hidden source for addressing health disparities and promoting resilience
UGSs303: Mental Fitness: How Society Defines Mental Illness and Mental Health (Dr. Rollin's Freshman Signature Course). University of Texas at Austin	Summer 2014, Summer 2015	Guest lecturer, 2014, 2015 Lecture topic: Resilience & Healthy Youth Development
Panel presentation member: N375P: Public Health Nursing Practicum , The University of Texas at Austin School of Nursing	Fall 2012	Spoke with students about experience as public health nurse and public health nursing faculty
Nurs 403: Public Health Nursing , Bethel University	Fall 2011	Student teacher/mentee/guest lecturer, 2011 (part of mentored teaching practicum)
Panel presentation member: Nurs4205: Nursing theory and research , University of Minnesota	April 2011	Spoke to undergraduate students about experiences as a PhD student
Motivational Interviewing Seminar , Macalester College	Fall 2010 (one time seminar)	Solo Instructor for in-house training for medical staff
Motivational Interviewing Seminar , University of Minnesota	Spring 2010 (monthly seminar); Fall 2009 (monthly seminar)	Solo Instructor for medical students in adolescent health rotation
