1966 Sigma Theta Tau, Member, 1966 - present
1962 Kappa Delta Pi, Elected to Membership: SUNY at Plattsburgh

RESEARCH/PROJECTS

Ongoing

HL7 Model Testing with Nursing Intervention Data. (with D. Russler & A. Danko (McKesson); R. Haskell and R. Kennedy (Siemens Medical); S. Matney (Intermountain Health Care); C Corriea (Kaiser Permanente); M. Harris (Mayo Clinic). A self funded research project using available La Quinta Professorship funds to develop and validate methods for ensuring nursing data representation in standards for automated systems. In conjunction with Annual International Invitational Terminology Summits held each July at Vanderbilt University.
